Primary 5 Home Learning Week Commencing 13/1/25

Spelling

In spelling this week we are looking at changing words from singular (one object) to plural (more than one object). This week we are looking at words ending in f. The general rule is:

Word ends in ff- add an s.

Cliff-cliffs

If a word ends in just f- remove the f and add ves.

Elf-elves.

Core words	Mild words	Hot words
Elf- elves	Loaf- loaves	Dwarf- dwarves
Leaf- leaves	Self- selves	Yourself- yourselves
Knife- knives	Shelf- shelves	Roof- roofs
Cliff- cliffs	Cuff- cuffs	Wife- wives
Bluff- bluffs		
Sniff- sniffs		

Unfortunately like most rules in spelling, there are lots of exemptions to the rule. For example, roof- roofs. To extend your spelling homework you could try and find other exemptions.

Maths and Numeracy

In numeracy we are continuing to look at multiplication. So far we have looked at time tables facts and multiplying by 10. This week we will be using our place value knowledge to find linked facts using multiples of ten and 100.

Practice	Apply	Correct	Extend
Use the times tables facts below to find the linked fact with a multiple of 10. The first has been done for you. 3x4=12 30x4=120 5x6=30 50x6= 8x3=24	Use your times tables knowledge to find the solutions to these questions. 40x6= 9x30= 80x7= 8x20= 50x40=	Identify the incorrect answers and write them down with the correct solution. 40x9=360 70x3=280 50x3=1500 60x70=4200 80x30=240	Create a poster, step-by-step guide or video explaining how to use times tables and place value knowledge to solve on of the questions from the apply section.

80x3= 7x7=49 70x70=			

Learning Across the Curriculum

In social studies this week the class are focusing on local attractions and sustainable transport options to get to them.

For home learning please choose a local tourist attraction and find the following information:

- Opening times
- Cost for an adult and a child
- What there is to do.
- Is it accessible to people in a wheelchair?

You should also suggest two different means of transport to get there.
